

User needs

As a...	I want to...	So that...
Record Store Owner	View stock levels	I can see if I need to re-order anything
Record Store Owner	Add new stock and edit existing stock	My inventory is up to date
Record Store Owner	See how much I stand to make from stock	I can see what is making me the most money
Record Store Owner	Search and view stock	I can check if something is in stock if a customer asks
